Education

2023 - NOW

Jordan University (JU) / Aqaba
Business Information Technology(BIT)

"I'm a BIT student at JU, passionate about tech and web development, actively working on projects while pursuing my degree."

Work Experience

Orange Coding Academy

June 2023 - present

I attended an intensive 5-month web development bootcamp, immersing myself in a comprehensive curriculum that encompassed a wide range of technologies and tools. During this immersive program, I gained valuable hands-on experience and expertise in various aspects of web development:

Projects

- **Quiz App - Using Html , CSS and Javascript**

Build a responsive and dynamic quiz website that requires the user to register and sign in to answer the quiz questions, and compare the user's answers with the correct answers previously saved on local storage.

- **E-Commerce Website - Using PHP**

You will build an e-commerce web application using PHP and MYSQL, remember your project should meet the following client brief.

- **Services Greenfield Project - Using LARAVEL**

Create a web application using Laravel, Bootstrap, HTML, CSS, and MySQL. It allows users to book services or explore volunteer opportunities. Includes user authentication, admin dashboard, and coherent visual identity.
